## Hydrating Peel-Off Mask

### Product Overview

Regular masking is important because it removes dead skin cells and imbedded impurities that accumulate on the skin. If not removed regularly, these accumulations will prevent newer, brighter cells from surfacing and cause your skin to look dull and uneven. It can also clog pores, leading to blackheads and whiteheads. To help your skin look its best and maintain a healthy glow, it is therefore important to mask two to three times per week. Regular masking dramatically improves your skin's appearance and helps to maximize the benefits of your skincare products.

The Hydrating-Peel-off Mask carefully lifts away dead skin cells from the surface of the skin and clarifies the complexion by removing imbedded impurities. The airtight mask seals pores and allows herbal extracts to penetrate deep into the open pores to unclog and increase skin clarity and moisture. The result: the skin is soft, smooth and has a healthy glow.

For all skin types. Especially hydrating for dry or flaky skin. Also ideal for dull complexions, rough or uneven skin texture and clogged pores.

### Key Features & Benefits

1. Skin-nourishing ingredients such as ceramide, amino acids and fermented rice extract hydrates and helps increase water supply to the skin while enhancing skin's moisture-holding power.
2. An exclusive combination of Himalayan primrose\* and Running clubmoss\* helps reinforce skin's moisture barrier.

*\*Patented in Japan*

3. A synergistic benefits of calendula flower, olive leaf, and daisy flower extracts promotes soft and smooth skin surface texture.
4. Powerful antioxidants from multitude of plant extracts help promote healthy, radiant looking skin.
5. Aromachology effects: soothing scent of green-florals provides most ideal relaxation for enhanced beautifying effects.

### **Usage Guide**

Use 2-3 times per week after the final cleansing step of your regular skincare regimen. Spread a liberal amount evenly over one side of your face from center to out and upward direction. Using the same application method, connect to the other side. Avoid hairline, eyebrows, eye area and lips. Let the mask dry for 10-15 minutes, then slowly peel the mask off from the forehead downward. Follow with the regular skincare regimen's toning step.
