

NOEVIR

Treatments

## InstaFiller

**\$120 SRP** (\$126 Canada)

Code 6053

Net Wt. 0.63 oz.

Noevir InstaFiller is a unique spot treatment that instantly helps minimize the appearance of wrinkles—while promoting plump, youthful looking skin. It is designed to be applied directly to areas of concern, such as around the eyes, mouth or forehead, which are more prone to wrinkles and expression lines.

A potent combination of skin-smoothing ingredients provide dual-action results with instant filling effects on uneven skin surfaces and long-term effects of improved skin texture and plumpness.

- A combination of Sweet Almond seed extract and hyaluronic acid instantly smooth skin's surface while increasing its water content.
- A unique blend of amino acids and botanical extracts of Evening primrose, Chameleon plant and green-algae (chlorella) extracts helps stabilize and promote skin's own physical support.
- Okra seed extracts help relax and minimize the appearance of expression lines.
- Suitable for all skin types.

### Usage Guide

Use morning and night after the last step of your basic skincare regimen. Apply a small amount to areas of concern. Follow with sunscreen for daytime use or BioSign Night Smoothy in the evening (optional).

Example of usage order:

Skin Cream (N6)→Eye Serum→BlancSight→**INSTAFILLER**→Raysela Face Protector SPF 30+ or Night Smoothy

## BlancSight

**\$120 SRP** (\$126 Canada)

Code 6054

Net Wt. 0.7 oz.

Noevir Blancsight is a concentrated skin treatment that is designed to work on localized areas to help minimize the appearance of stubborn dark spots, discolored patches and uneven skin tone.

A powerful combination of skin-brightening vitamins and botanical extracts promotes a brighter, translucent, more radiant complexion.

- A synergistic blend of vitamin C derivative, arbutin and niacinamide helps to fade the appearance of even the most stubborn age spots and discolorations.
- Botanical extracts of Chinese skullcap and Geranium helps to strengthen and revitalize skin to restore its vibrancy and youthful glow.
- Helps prevent future formation of dark spots and uneven skin tone.
- Ideal for all skin tones and ethnicities.

### Usage Guide

Use morning and night after the last step of your basic skincare regimen. Apply a small amount directly to the affected area. Follow with sunscreen for daytime use or BioSign Night Smoothy in the evening (optional).

Example of usage order:

Skin Cream (N6) → Eye Serum → **BLANCSIGHT** → Instafiller → Raysela Face Protector SPF 30+ or Night Smoothy
