Product Overview

LiftGemma is an innovative lifting serum that visibly firms, tightens and contours facial skin for a beautiful, youthful appearance. This luxurious and fast-absorbing cream serum combines botanical concentrates, extracted during the early stages of the plant's growing cycle, harnessing the power of nature's own rejuvenation and renewal. The result is a distinctly uplifted appearance and noticeably refined facial contours, including a more defined jawline and slimmer look. Meticulously researched and developed through Noevir's state-of-the-art skincare technology, LIFTGEMMA is the latest and most advanced lifting treatment against the signs of premature aging.

Suitable for all skin types.

Key Features & Benefits

An exclusive blend of highly-concentrated plant extracts deeply nourishes and revitalizes the skin. Your skin will immediately look more vibrant, well rested and youthful:

- Quick Reforming Veil technology utilizes oat kernel extracts and skin-friendly lipids to weave an invisible veil to visibly lift and firm skin.
- Clove flower extract, known for its powerful anti-oxidative, anti-bacterial and anti-inflammatory properties, helps to fight free radicals and restore youthful appearance.
- Lotus germ extract, naturally rich in essential fatty acids, enzymes and amino acids support skin's natural defense function, while it soothes sensitive skin.
- Fiddlehead fern extract with its unique set of skin-protective, anti-aging properties helps reinforce skin's physical support for a firmer and more uplifted appearance.
- Cress sprout extract, an abundant source of phytonutrients and antioxidants, brightens and evens skin tone for a luminous complexion.
- A unique combination of fermented botanical ingredients, such as rice extracts (sake) and Daylily flower, increases skin's moisture content, while further enhancing the natural repair and protective mechanism.
- Formulated to provide cumulative benefits and transform slackened skin—for stronger, firmer and younger-looking skin.

Usage Guide

Apply day and night, after toning with balancing lotion. Add 2-3 pumps into the palm of your hand and apply gently to the face in an upward and outward motion, concentrating on areas of concern. Follow with moisturizer and skin cream. Can also be applied to neck and chest.
