Contains 6 sheets per box
(each sheet: 1.23 fl oz – .35 mL)

LiftQueen 3D Mask

Noevir's **LiftQueen 3D Mask** is a contoured treatment sheet mask to provide amazing benefits of an intense hydration, lifting and revitalization. The uniquely designed “three dimensional” mask allows close-fitting while concentrated beauty serum* is penetrating deep into the skin to lift and re-energize for a smooth, supple and luminous complexion.

After just ten minutes, your skin is plumped, rejuvenated & lifted!

*Each sheet contains 1.23 fl. oz. (35mL) serum, equivalent to a full-sized special treatment product.

Usage Guide:

1. Use once or twice a week after cleansing step of basic skincare regimen.
2. Spread the sheet mask evenly over entire face, pressing it gently to ensure its close adherence to the skin while following the contour of the face and under the chin area.
3. Gently pull up the mask from the cheek to the ear (illustration ★) while taking caution to avoid dripping.
4. Leave it on and relax for 10-15 minutes and remove mask.
5. Massage face gently until the remaining serum is completely absorbed. Follow with moisturizer and skin cream.
